Unoffl No. 256/P.W.D. Dated the 17th November 1914.

1 Returned with compliments to the General and Revenue Secretariat, with the intimation that the alienation statement requires the sanction of - - Government in the Revenue Department.

2. The Residency communication calls for the views of the Durbar in the matter of the enlargement of the Cemetery. The land required being Government waste land, it rests with Government to give this land or not. The question will have to be settled upon a consideration of the urgent needs of the Cemetery and not merely on the demand for extra land.

IV 30/11/14

Offg: Secretary to Government,
P. W. Department.

Bangalore,
25th November 1914.

Subd. The Dy. Commr recommends the alienation of 4 guntas of land for the purpose of extending the Cemetery at Hassan. But he also states that near the land that is proposed to be alienated there is a Hindu temple a chattram. Whether the devotees of the temple have anything to say in the matter has not been stated by the Dy. Commr It is not also known whether the temple

railway work.

Both the Deputy Comm[r] of Hassan the Ry. Secretary have no objection to the proposed extension of the cemetery.

19 As only a portion of the survey number is required for the extension, the residents of Hassan also have no objection. There is a temple (muzrai institution) & a private Chattram a little farther off & it is stated that there is no objection to the proposed slight extension measuring 45'×93' of the cemetery (Vide Sketch in the records — paper 10). But the residents of Hassan pray that the amount of Compensation for the land & the realisations out of the sale of the two trees on the area to be alienated may be credited to the temple.

Is this feasible? who is to pay for the land?

Do. The Revenue Commr in mysore no. 11115 & 10. 3. 15

Forwards copy of a letter from the Dy. Commr of Hassan submitting a petition from certain residents of the Hassan Town objecting to the extension of the existing cemetery.

Subd. On the recommendation of the Dy. Commr, the Residency were informed that there is no objection to the proposed extension of the cemetery. The matter was discussed in the Hassan Town municipal council who resolved that it may be extended. The grant of the site for the extension was first objected to & but later on it has been acceeded to (vide mahazar executed before the Amildar & the Dy. Commr).

The present protest is from entirely different persons. The chief objections are (1) that the place is more suited to shops, mandies & building purposes after the new Ry Station is constructed; & (2) that a temple is very near it.

Subd. for orders.

K.N. 27.3.15

The matter has been fully enquired into. The Municipal Council which is the accredited mouth-piece of the people's views has no objection.

NOTE—Contn. sheet.

Some of the Coursepeople have also agreed to the alienation, and have executed a Mahazar to that effect. The proposal is supported by the Dy: Coam^r Mr Wetherall

3rd Obstructionists must be expected in every Scheme. Some of the objections raised apply as well to the original Cemetry itself as to the proposed extension. The additional Space required is only about 4 Cuntas and it does not appear worth while to select a different place for this. Besides it is doubtful if a suitable place can be found. The most natural Course appears to be to extend the existing Cemetry.

3rd The alienation proposed by Mr Wetherall has not yet been Sanctioned. Orders are solicited whether further action may be taken regarding the proposed alienation or further Enquiry Should be made. Mr Ramaswamayya, the present D. C who has forwarded the petition has not given any opinion

GPB—70,000—17-12-15

Letter No. 12, dated the 22nd September 1914, from the Archdeacon of Madras and Bishop's Commissary, to the First Assistant to the Resident in Mysore.

I have the honour to state that the Reverend A.Brockbank of the Wesleyan Mission who is officer in charge of the Government Cemetery at Hassan has informed me that this Cemetery needs to be enlarged.

2. This Cemetery is a general Cemetery and is divided into two portions. One of these portions is used by the Roman Catholic Church and the other by the Church of England and Non-Conformists. Europeans and Eurasians alone are buried in this Cemetery; there is a separate Cemetery for the use of Indian Christians.

3. Apparently in the Roman Catholic portion there are very few burials and the remaining grave spaces about six or eight are a sufficient provision. In the Church of England and Non-Conformist portion the average number of burials is about one per annum. In this portion there is sufficient room for six graves for adults and also for a few childrens graves. Mr. Brockbank suggests that a portion of land, approximately 45 feet by 95 feet, should be added to this portion of the Cemetery.

4. I understand that there is urgent need to secure the land for the extension of the Cemetery at a very early date, because the new Railway Station will be built on the same side of the town as the Cemetery and that all available land in the vicinity of the Cemetery will soon be appropriated.

5. I have therefore the honour to request that the sanction of Government may be obtained to the suggested enlargement of the Cemetery.

Received
General No. 213
No. Q
Enclosure No.
Four.

Sir,

In forwarding herewith copy of General and Revenue Secretary's Memo No. G.3572/G.M.199-14-2 dated the 10th.Octo-ber 1914,with copy of letter No.12 dated 22nd.September 1914,from the Archdeacon of Madras and Bishop's commissary to the First Assistant to the Honorable the British Resident in Mysore,bringing to notice the urgent need for extending the portion of the Government cemetery at Hassan used by the Church of England and Non-Conformists,by an approximate area of 45 feet by 95 feet, I have the honor to state that the proposed extension is quite necessary.

2. A sketch showing the existing Ceme-tery and the area required to be added on to it,prepared by the District Surveyo

GPB—50,000—26-9-12

is

is herewith submitted.

3. The existing Cemetery bears survey No.145 while the land out of which four guntas have now to be added on to the Cemetery bears survey No.144 of the Hassan Kasaba village. The extent of the existing Cemetery(survey No.145) is 18 Gun-tas treated as Kharab. The extent of survey No.144,which is shown as unassessed Kharab in the Phaisal Patrik,and the Khetwar account owing to the existence of a Hindu temple called Oodasalamma na temple,and a Chattram,is 39 guntas. There is no objection to extend the Cemetery ground by four guntas on survey No.144 as both the Chattram and the temple are sufficiently distant from the Cemetery.

4. In the above circumstances I solicit sanction to the alienation of four guntas of land out of survey No.144 for the extension of the Government Cemetery. An alienation statement is herewith submitted in duplicate.

I have the honor to be,

Sir,

Your most obedient servant.

In forwarding herewith copy of General and Revenue Secretary's Memo No. G. 3572/G.M. 199-14-2 dated the 10th October 1914 with a copy of letter No. 12 dated 22nd September 1914 from the Archdeacon of Madras and Bishop's commissary to the First Assistant to the Honorable the British Resident in Mysore bringing to notice the urgent need for extending the portion of the Government cemetry at Hassan used by the Church of England and non-conformists by an approximate area of 45 feet by 95 feet I have the honor to state that the proposed extension is quite necessary.

2. A sketch showing the existing Cemetry and the area required to be added on to it, prepared by the District Surveyor is herewith submitted.

3. The existing Cemetry bears survey No. 145 while the land out of which four guntas have now to be added on to the Cemetry bears survey No. 144 of the Hassan Kasba village. The extent of the existing Cemetry(survey No. 145) is 18 guntas treated as Kharab. The extent of S.No. 144 which is shown as unassessed Kharab in the Phaisal Patrik and the Khetwar account owing to the existence of a Hindu temple called Oodasalammana temple and a chattram is 39 guntas. There is no objection to extend the Cemetry ground by four guntas on survey No. 144 as both the Chattram and the temple are sufficiently distant from the Cemetery.

4. In the above circumstances I solicit sanction to the alienation of four guntas of land out of survey No. 144 for the extension of the Government Cemetery. An alienation statement is herewith submitted in duplicate.

"C O P Y"

For Revenue Commissioner.

R.S.R.

Letter No. 13, dated the 22nd September 1914, from the Archdeacon of Madras and Bishop's Commissary, to the First Assistant to the Resident in Mysore.

I have the honor to state that the Revd A. Brockbank of the Wesleyan Mission who is the Officer in charge of the Government Cemetery at Hassan has informed me that this Cemetery needs to be enlarged.

2. This Cemetery is a general Cemetery and is divided into two portions. One of these portions is used by the Roman Catholic Church, and the other by the Church of England and non-Conformists. Europeans and Eurasians alone are buried in this Cemetery; there is a separate Cemetery for the use of Indian Christians.

3. Apparently in the Roman Catholic portion there are very few burials, and the remaining grave spaces about six or eight are a sufficient provision. In the Church of England and non-Conformist portion, the average number of burials is about one per annum.

room for Six graves for adults and also for a few children's graves. Mr: Brockbank suggests that a portion of land, ap- -proximately 45 feet by 95 feet, should be added to this portion of the Cemetery -

4. I understand that there is urgent need to secure the land for the ex= =tension of the cemetery at a very early date, because the new Railway Station will be built on the same side of the town as the cemetery and that all avail= =able land in the vicinity of the Cemetery will soon be appropriated.

5. I have therefore the honor to request that the sanction of Government may be obtained to the suggested enlargement of the cemetery.

No: Ry. 35-72/Ch. 199-14-2

Dated Bangalore, the 10th Oct: 1914.

A Copy of the above is forwarded to the Deputy Commissioner, Hassan District with a request that a report in the matter may be submitted to Government at a very early date.

By order
Sd. M.S. Ramachandra Rao
for Offg: Secretary to Govt.

No. 7695

FROM

T. R. Jayarama Aiyar Esq., B.A.,B.L.,

Assistant Commissioner in charge,
Office of the *Revenue Commissioner in Mysore.*

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

With reference to your letter No. G.5594/G.m.199-14-5 dated the 1st December 1914 calling for certain information regarding the alienation of 4 guntas of land out of Kharab survey No. 144 of the Hassan Kasaba village for the extension of the cemetery at Hassan, I have the honor to forward herewith copy of letter No. 348/R dated 23/24th December 1914 together with its enclosures from the Deputy Commissioner furnishing the information called for.

I have the honor to be,

Sir,

Your most obedient servant,

T. Jayarama Aiyar

Assistant Commissioner
in charge,
Revenue Commissioner's office.

A.K.R.

Letter No. 348/R dated 23/24th December 1914 from the Deputy Commissioner, Hassan District, to the Revenue Commissioner in Mysore.

Adverting to your memo No. 6451 dated the 2nd December 1914 forwarding for report copy of General and Revenue Secretary's letter No. G. 5594/Genl. 99-14-5 dated the 1st idem calling for certain further particulars in the matter of the alienation of an area of four guntas of land out of survey No. 144 of the Hassan Kasaba village for the extension of the cemetery at Hassan, I have the honor to state that the Oodasalammana temple which is situated on the westernmost extremity of the said survey No. 144 is a Muzrai Institution having Devadaya inam land, while the Chattram which also exists on the said land is not a Muzrai Institution but only a private chuttram.

2. It may be seen from the mahazar (paper No. 7) that the residents of the Hassan kasaba who had originally objected to the alienation, probably owing to their impression that the whole of survey No. 144 would be alienated, have subsequently consented to the proposed alienation before the Amildar who explained to them that only a portion of the survey number measuring 45 ft. X 93 ft. or about four guntas of land was required for the extension of the cemetery. They have, however, prayed that the amount of compensation for the land and the amount which may be realised in the sale of the casuarina and jack trees standing on the area now proposed to be alienated, may be credited to the funds of the said temple.

3. I may further add that at the meeting of the Hassan Town Municipal Council held on the 23rd instant this subject was discussed and the site was also inspected by me with the municipal councillors of whom all the non-official members have attested the mahazar (paper No. 7) expressing their consent. An

An extract from the proceedings of the municipal meeting is also enclosed for reference.

4. The fresh sketch enclosed in the file as paper No. 10 clearly shows that the distance from the chattram (which intervenes between the temple and the cemetery) and the point up to which the cemetery is proposed to be extended is 280 feet, and that the temple is still further off. Hence there cannot possibly be any objection concerning the proposed slight extension of the cemetery.

5. With regard to the 3rd point raised in the General and Revenue Secretary's letter above quoted, I beg to state that there is no reference available in the records of this office to ascertain what the conditions are (if any) under which the land where the present cemetery is situated was given. It may, however, be seen from the extract of the 'Phaisal Patrik' (vide paper No. 8) ~~proposed~~ prepared at the time of the original survey and settlement that survey No. 145, which forms the existing cemetery, was confirmed as such without any conditions being specified.

6. In the aboce circumstances, I solicit that sanction of Government may kindly be obtained to the alienation of four guntas out of survey No. 144 for extending the cemetery as recommended in my letter No. 213/R dated the 19th/22nd October 1914.

7. The file of vernacular papers ending with Hassan Taluk Amildar's report No. 960/1049 dated the 22nd December 1914 is herewith submitted for reference.

Bangalore.

Sir,

Adverting to your Memo No. 14353/1 dated the 15th May 1915 forwarding Copy of General and Revenue Secretary's letter No. G. 12025-G. M. 199-14-15 dated the 5th idem returning the petition presented by certain residents of Hassan Town objecting to the extension of the existing Cemetery at Hassan and requesting my opinion in the matter, I have the honour to State as follows:

2 The existing Cemetery which bears Survey No. 145 of Hassan Kasaba and measures eighteen guntas is situated on the important Bangalore Mangalore Provincial Road adjoining it on the northern side. This land was granted to the cemetery at a time when the residential part of the town was far away and the furthermost building was the Head Master's quarters Standing on Survey No. 152. On a perusal of the previous Correspondence I find that my predecessor Mr. B. R. W. Hellerall in his letter No. 348/R dated 23rd December 1914 addressed to you, has Recommended the alienation of a portion, viz four guntas out of the adjoining Survey No. 144 measuring 39 guntas on

No. 2118
1915-16

From B. Ramaswamaya Esquire
B.A. B.L.
Officiating Deputy Commissioner
Hassan District

To K. S. Narasimmiya Esquire
Revenue Commissioner in Mysore
Bangalore.

Dated 20th July 1915
Despatched 7th August 15
Received 11.8.15 R.S
General No. 130
No. R
Enclosure No. one sketch and one petition

Subject

Submitting opinion on the petition presented by certain Residents of Hassan Town objecting to the extension of the existing cemetery at Hassan

a Muzarai Institution, and a chattram are Situated, for the purpose of extension of this Cemetery. In deciding on the Subject of this further extension of the cemetery I am of opinion that the following circumstances Should be taken into Consideration.

3 The need for a healthy extension for the Hassan Town having long been felt, in accordance with popular opinion, it has been resolved by the Municipal Council that the whole plot of ground Situated between the Bangalore-Mangalore Road on the South, Beeranahalli village boundary on the north, Beeranahalli loop road on the east, and the Head Masters quarters and the new High School Building on the west, and measuring about thirty Six acres in all, Should be acquired for the purpose. Due provision for the acquisition

of these lands has been made in the current years Municipal Budget of Hassan Town and the Secretary to Government General and Revenue Departments, has in his letter No 8200 Municipal 252-14-2 dated the 20th April 1915, called for Submission of declaration Statements in respect of these lands together with certain other particulars which will be submitted in due course. This extension it may be mentioned, is in high popularity owing to the fact that it is on this side, near the Arsikere and Channarayapatna road junction that the new Railway Station will be located in Hassan on the Arsikere-Mysore-Line.

4 When the Town is extended as above, houses

houses will be constructed regardless of approach

to the cemetery as Survey Nos. 148, 149 and

others and it is obvious that the use of

the cemetery for burial after the growth

of the extension will be seriously objected

to, and I may add such objection will

be entitled to every consideration.

5 It is within Common Knowledge

that in growing towns and cities, cemeteries

and other burial places, which were unobjectionable

in the older days, but which could

not be used owing to extensions of such

towns or cities, have been closed for use

and new places have been chosen instead

for the purpose. The town of Hassan

now presents also a similar case and

the closure of the existing cemetery for

further use will come up before long

for

houses will be constructed right opposite to the cemetery on Survey Nos 148, 149 and others and it is obvious that the use of the cemetery for burial after the growth of the extension will be seriously objected to, and I may add such objection will be entitled to every Consideration.

5 It is within Common Knowledge that in growing towns and cities, cemeteries and other burial places, which were unobjectionable in the older days, but which could not be used owing to extensions of such towns or cities, have been closed for use and new places have been chosen instead for the purpose. The town of Hassan now presents also a Similar Case and the closure of the existing cemetery for further use will Come up before long for

for consideration and decision.
While this is so, it seems to me that
it is highly inexpedient that the question
of extending the very same cemetery
should be taken up now. For these reasons
I am strongly of opinion that the
representation of the residents of
Hassan sets out a real grievance
and it is entitled to favourable
consideration. In fact it seems to
me that in view of the present conditions
and the necessity of town extension
on this side, the further extension of the
cemetery could not be recommended
even without any representation on the
part of the people.

6 A Sketch showing the existing town,
proposed extension, the existing cemetery
and

and the Railway Station, in explanation of the facts set out in the above report, is herewith submitted for reference and favour of kind return.

7 The enclosure received with the memo under reply is also returned herewith.

I have the honour to be,

Sir,

Your most obedient Servant.

Dated 14th. September 1915

Dear sir,

In reply to your D.O. letter No. G. 3572/G.M. 199-14 dated 13th. instant in the matter of the proposed extension of the existing Cemetery at Hassan, I beg to state as follows:-

The question of assigning a seperate site to the Cemetery has not been taken up for consideration, and, in fact, it could not be so taken up, as the proposal that had been sent up by my predecessor, in his letter No. 348/R dated 23rd. 24th. December 1914 to the Revenue Commissioner in Mysore, was for the extension of the existing Cemetery itself, and it was on a petition of protest to it by the residents of Hassan that my opinion was reported to the Revenue Commissioner as desired by Government. It was considered that if the altered proposal of forming a new Cemetery altogether, found favour, the question of selecting a site could then be considered.

If it is desired that such a selection should now be made and intimated to Government, I shall take steps to do so at

at once. Some little time may however be necessary to decide the point, as it will involve communication with and consultation of the Missionary authorities here in charge of the Cemetery and probably with their superior authorities elsewhere also, if they desire it. I may however mention that I have no doubt that the Municipal Council of Hassan will be very willing to meet the wishes of the said authorities, to all possible extent in the selection and assignment of a suitable site for the purpose in question.

I am sending the present reply as to how the matter now stands, as I have been asked to treat the reference as extremely urgent.

The sketch received with your letter is herewith returned.

Yours sincerely,

K Ramaswamy

Dated Bangalore, 27th September 1915.

SIR,

With reference to Mr. Narasinga Rao's letter No. 669 Pol., dated the 13th January 1915, I am directed to say that the Government of India have approved the proposed extension of the Cemetery at Hassan and the construction of a compound wall around the extended area at an estimated cost of Rs. 600/-.

2. In forwarding herewith a plan and estimate for the construction of the compound wall, I am to request that arrangements may be made for the execution of the work and for the submission of a bill in time for payment being made from the Residency budget for the current year.

I have the honour to be,
Sir,
Your most obedient servant,

Dated Bangalore 10th February 1916.

Despatched 11-2-16.

Enclosure No. 2.

SUBJECT.

Forwards a bill, for adjustment, amounting Rs 7408-2-0 for constructing a compound wall around the extended area of the cemetery at Hassan.

Letter No. 20 dated 8/10th January 1916 from the Executive Engineer, Hassan Division to the Superintending Engineer, Southern Circle.

- - - - - - - - - - - - - - - - -

Referring to your No. 9182/E.III.22 N. dated 25-11-1915 forwarding an estimate for constructing a new compound wall round the extension of cemetery at Hassan duly sanctioned for Rs 600, I have the honour to state that the marginally noted items of work not provided for in the original estimate were also executed at the request of Rev.A. Brock Bank on his personal representation that these additional works were necessary.

Forming gravel with 480 R.ft.	Rs 67-8-0
White and colour washing (omitted by oversight in estimate).	Rs 5-15-0
Total . . .	Rs 73-7-0

As the cost of these additional items was found to be met both from small savings under other sub heads and also from savings under contingencies, these were ordered to be carried out immediately as the work had to be taken up and completed at once and I therefore request your formal approval for the same.

A supplemental estimate for Rs 150 being the establishment and Tools and Plant charges on the above work was submitted to you with this office No. 588 dated 3-12-15 for sanction, and as sanction is not as yet received, I have submitted a bill including establishment charges also pending receipt of sanction to the supplemental estimate
